Choosing the Road to Life Success

Life can be a race at times, with twists and turns and steep hills...questions and decisions to be made...

What can you do to further help your child meet his life goals?

What should your child know about driver's licenses and identification?

What does your child know about transportation services in this community?

What can you do to help your child speak up for himself?

What would help you to get more out of the ARD process?

What information should your child have about employment?

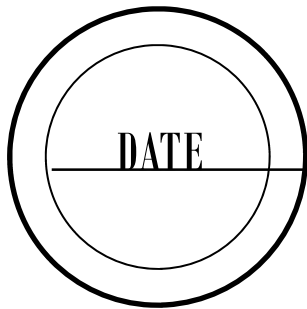

What does your child need to know about living independently?

Why is it important for you to enjoy life too?

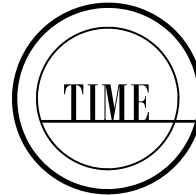

What does your child need to know about obtaining further education?

What do you need to know about guardianship?

Not all the hard questions have to be answered alone...
